

**Southeast Tech**  
Fall 2020 Student Activities Plan  
**EXECUTIVE SUMMARY**

**Purpose:**

To provide the School Board with an update on the Fall 2020 timeline for Student Government and campus activities.

---

Student Government and campus activities at Southeast Technical College look a bit different this year. Due to the pandemic, we were faced with the challenge of holding all campus events, activities and meetings virtually. Student Government has taken this challenge and planned a timeline of fall semester events. We are holding SGA and club meetings via Microsoft Teams and utilizing virtual events to get students engaged such as photo contests, webinars, etc. SGA will be expanding the laundry basket food drive during the holiday season and will hold the yearly talent show online via video submissions.

---

**Administrative Recommendation to School Board:**

To acknowledge the student activities being planned at Southeast Tech during the fall semester 2020.
