LIVING BLUE BOOK
2015-2016 ORIENTATION GUIDE
Welcome to Southeast Tech! We’re glad you’re here!

We know it takes more than classroom experiences and training to finish your degree. It takes the support of family, friends, instructors, and many others.

Whether you are in need of academic or personal counseling services, registration, course or program information, resource materials, tutoring assistance, job placement, childcare, books and supplies, or special accommodations, we are here to help you. On the next page of this booklet is a list of these resources and how to contact the people who can give you the assistance you need. Please take advantage of these opportunities.

In addition, we want you to know that the staff in the Student Success Center is here to assist you in achieving your educational goals as well. We encourage you to make the most of the services we provide.

Your success at Southeast Tech is very important to us! We want you to know that we are here to support you in whatever ways we can.

Thanks for choosing Southeast Tech – have a great year!

Sincerely,

Admissions

FINANCIAL AID

THE TITLE IV SCHOOL CODE FOR SOUTHEAST TECH IS 008285

You must be accepted into a program at Southeast Tech before the Financial Aid Office can award financial aid.

1. The Free Application for Federal Student Aid (FAFSA) is the form that is used to calculate your financial aid eligibility. You must complete the FAFSA to apply for federal aid. Use Southeast Tech’s Title IV school code: 008285 when completing it. There are no fees required in the application process.

   - You may submit your FAFSA on the web at www.fafsa.gov. You will need a Personal Identification Number (PIN) for you and one for your parent before completing the FAFSA on the web. These may be applied for at pin.ed.gov.
   - The Renewal FAFSA on the web is available for returning students who want to reapply for financial aid.

2. Submit your application as soon after January 1st as possible after taxes have been completed and submitted to the IRS. We strongly recommend you use the IRS Retrieval tool, if eligible. This option can streamline and expedite the process of your financial aid. Be aware of deadlines. Some funds are limited and are awarded on a first-come, first-served basis. Plan to prepare your federal income tax early.

3. You will receive a Student Aid Report (SAR) after you submit your FAFSA. If you have not received your SAR within three weeks, check your application status at 800.433.3243. Review your SAR and if corrections need to be made, contact the Financial Aid Office for further instructions. If there are no corrections to be made, keep the report for your records. The report is automatically transmitted electronically to Southeast Tech if you have listed the Title IV school code 008285 on the FAFSA.

4. Southeast Tech may need to request additional information or forms. Make sure you respond promptly to avoid delays in receiving your financial aid. At least one out of three applications is selected for review by the Department of Education in a process called Verification. If your application is selected, don’t be alarmed. The process may require you to provide Southeast Tech with copies of your and your parent(s) signed IRS Tax Transcripts, W-2 forms, and a verification worksheet. Comply with the request promptly. Southeast Tech cannot award financial aid until verification is complete.

5. You will receive an award packet that explains the financial aid for which you qualify. Review your award letter carefully and make sure you understand the terms of the awards being offered. If you intend to take out loans, additional information will need to be completed.

6. If you accept any Direct Loans, you must complete three steps: Direct Loan Acceptance on STInet; MPN (Master Promissory Note); and Direct Loan Entrance Counseling at www.studentloans.gov.

7. Financial aid funds are not dispersed in advance for purchase of books. Therefore, students must budget to buy books prior to those dates. Book expenses are calculated in educational costs. If you will have excess financial aid after all your institutional costs are paid in full, you may be able to charge your books purchased at the Southeast Tech Bookstore. Please check with the Financial Aid Office to see if you qualify.

8. If a student receives additional educational assistance (i.e. scholarships, Vocational Rehabilitation, Veteran’s Benefits, WIA, etc.) it is the student’s responsibility to notify the Financial Aid Office. Southeast Tech reserves the right to adjust financial aid based on award changes or additional information received by the Financial Aid Office.

WORKSTUDY OPPORTUNITIES ON CAMPUS

The Federal Workstudy Program (FWS) provides on-campus employment for students with financial need, as defined by the Department of Education. To qualify for FWS, students must first file the FAFSA.

Jobs are posted online at southeasttech.edu and STInet. If hired, students must complete all necessary paperwork before beginning work. Students will need their Drivers’ License, Social Security card, and a voided check.

Please contact the Financial Aid Office for more information or if you have any questions.
The Business Office is located in the Mickelson Center. This is where you can pay your bill, check your balance, have your third party payments and veteran’s benefits processed as well as pick up financial aid refund checks. Southeast Tech students can now access a copy of their student account statements, review student account balances and pay student account balances online. See the flyer in your Orientation Packet about online payment.

The Student Housing Foundation opened on-campus student apartments in fall 2003. The facilities house 200 Southeast Tech students. The apartments are connected to the Southeast Tech campus but provide an independent atmosphere and a safe environment. The majority of our apartments consist of four bedrooms and two bathrooms. Each resident enjoys the privacy of his or her own bedroom. For more information, please contact the Student Housing Department at 605.367.5758. 

Southeast Tech scholarship applications are available online at scholarship.southeasttech.edu from October through March annually. Students will be considered for all Southeast Tech Foundation Scholarships for which they are eligible with one simple application and reference form submission. Recipients are notified of their awards by April. Funds are placed directly into the students’ Business Office accounts the following fall. Please contact the Southeast Tech Foundation Office at 605.367.7464 with questions.

The Student Housing Foundation opened on-campus student apartments in fall 2003. The facilities house 200 Southeast Tech students. The apartments are connected to the Southeast Tech campus but provide an independent atmosphere and a safe environment. The majority of our apartments consist of four bedrooms and two bathrooms. Each resident enjoys the privacy of his or her own bedroom. For more information, please contact the Student Housing Department at 605.367.5758.

Area housing information is available in the Student Success Center to assist students in finding housing. For students who are new to the area, Sioux Falls maps may also be obtained through the Admissions Office.
COUNSELING
Southeast Tech offers free professional counseling services to meet the different needs of students on campus. Personal counseling is available when life's issues get in the way of academic success. The personal counselors can be contacted via email, phone or walk-in. Contact the Student Success Center at 605.367.7466 or studentsuccess@southeasttech.edu.

NONTRADITIONAL STUDENT SERVICES
Southeast Tech offers special supportive services for a wide variety of nontraditional students: individuals in training programs that are nontraditional for their gender, single parents, displaced homemakers, dislocated workers, students not coming directly out of high school, or those who are unsure of their career interests and abilities. Individual, personal, and academic counseling are designed to help these students adjust to the transitions associated with returning to school.

SCARBROUGH CENTER
CHILD CARE FACILITY
Southeast Tech has a state licensed childcare facility on campus to assist parents in finding affordable childcare while attending classes. Enrollment at the Scarbrough Center is limited, so early child registration for a semester is encouraged. Only children of Southeast Tech students and staff are eligible to attend the Scarbrough Center.

The Scarbrough Center provides care and education to children ages 4 weeks to 10 years. The center provides a hands-on, inclusive, child-size environment that promotes a child's social, emotional, cognitive and physical development. As part of their preschool program, the Scarbrough Center has a partnership with Head Start for those families that qualify underneath the Head Start guidelines.

The Scarbrough Center has an open-door policy that allows parents to visit at any time. Parents are also encouraged to be part of this program through daily contact, meal times, special events, field trips, individual planning for their child, and conferences. The center is staffed with well-educated and trained individuals that follow developmentally appropriate practices. All staff members have also had a background check.

Students who would like to enroll their children in the Scarbrough Center should contact the Center directly at 605.367.8444.

STUDENT SUPPORT
Southeast Tech provides free learning assistance to qualifying full and part time students and helps them enter and complete courses in their respective programs. A Disability Services Coordinator develops and implements activities and services for Southeast Tech students with special needs. These services include adaptive assistance for the deaf, physically impaired, and learning disabled students. Southeast Tech provides students with a comprehensive support program in these skill areas:

- Assessment of basic academic skills, career aptitudes and interests
- Interpretation of test results by skilled career counselors, admission specialists, and faculty advisors
- A variety of preparatory courses in reading, mathematics, writing, keyboarding, and study skills
- Peer tutoring for enrolled students in basic skills and career technical courses
- Instruction in English as a Second Language (ESL) for qualifying students
- Assistance with job placement
- Assistance with GED preparation through the Hovland Learning Center, located in the Mickelson Center
The first year at Southeast Tech is filled with many opportunities and choices. The Student Success Center can guide students in making their academic journey a success! Also known as the “one stop shop,” the Student Success Center is home to several programs and services that are there to assist students in their transition to post-secondary education. Services include advising, counseling, disability and tutoring services, job placement, library services, student government, student activities and more!

**STUDENT SUCCESS ADVISORS**

All Southeast Tech students are assigned a Student Success Advisor. The Student Success Advisor helps students with institutional and personal concerns. Student Success Advisors encourage and support students in completing their courses and program(s) at Southeast Tech.

**STUDENT SUCCESS SEMINAR**

All new students are required to complete a Student Success Seminar course. The course develops academic success skills, assists students in connecting with other students on campus, and instructs students on the Southeast Tech services that are available to them. The course also covers important life and employability skills. In addition, the Student Success Seminar course shows students how to access required processes and institutional information on the STInet student site. Lastly, Southeast Tech policies are covered in the course.

Note: Students who have successfully completed a minimum of 9 post-secondary credits with a 2.0 or higher GPA at another college or university are not required to take Student Success Seminar.

---

**CAMPUS LIBRARY**

Southeast Tech has a full-service library located in the Student Success Center which offers the following services to students:

**FEATURES:**

- Book check out for 3 weeks
- Three student computers
- Southeast Tech library resources are accessible through STInet under “Student Support & Services” then “Student Success Center”
- Full-text periodical databases
- Argus Leader online subscription
- Interlibrary Loan
- Great selection of program-related materials
- +80,000 E-Book subscriptions
- Photo IDs
- Comfortable seating areas
- Study booths for individual or small groups
- Textbooks available for in-library use

**HOURS**

Monday–Thursday  7:30AM–6:00PM*
Friday   7:30AM–4:00PM*

*May be adjusted when school is not in session.
Conveniently located in the Mickelson Center Commons, the Southeast Tech Bookstore is your one-stop for all textbooks and course related materials. We also accept textbook orders with a credit card via our website, http://bookstore.southeasttech.com. All orders received through our website are conveniently shipped to your home for a low, flat rate.

Want to save some cash? We now offer a rental option on select textbooks that can save you up to 75% off the retail price! Then at the end of the semester, just bring your gently-used rentals back to the Bookstore.

Our large clothing and gift selection makes it easy to show your Southeast Tech pride. Aren’t sure what to get? Get a gift card! Our gift cards can be activated in any amount—perfect for everyone and every occasion!

The Bookstore also carries a huge selection of snacks and drinks, including fresh brewed coffee and cappuccino, grab and go sandwiches, and all of your favorite snacks. Stop by and check us out!

**STUDENT ACCOUNT CHARGES**

1. Student accounts will be available one week before the start of each semester and through the end of the add/drop period.
2. Students with Financial Aid that exceeds their tuition and fee charges will be eligible to charge...
to their student accounts.
3. Returns will be accepted through the add/drop period of each semester. Refunds will be processed through the Business Office during the regular Financial Aid disbursement.

TEXTBOOK PURCHASES
1. Books may be purchased with cash, check, Visa, Mastercard, or Discover.
2. Payment for textbooks is due at the time of pick-up.
3. Written authorization must be on file to charge to any third party agency (VA, Voc Rehab, etc.) including businesses or personal trust accounts.
4. Students should have their schedule available when picking up textbooks.
5. Check amounts should not be written out until time of purchase.

HOURS
Monday–Thursday  7:30AM–5:00PM*
Friday  7:30AM–4:00PM*
*May be adjusted when school is not in session.

CONTACT INFORMATION
Visit us online at: bookstore.southeasttech.com
Email: bookstore@southeasttech.edu
Phone: 605.367.4448

Note: During the beginning of the semester, we suggest you stop in or use the website for textbook information. When there are lines at the checkouts, we are unable to take immediate requests for textbook information.

CAMPUS LAPTOPS
Southeast Tech prides itself in using the most innovative technology. That’s why we offer only the best laptops with industry standard software to our students. Learn more about laptop required programs at www.southeasttech.edu/futurestudents/technologyrequirements. Some programs utilize alternative devices, such as tablets.

I.T. SUPPORT CENTER

The Southeast Tech IT Support Center provides on-site hardware and technical support to all students who have a Southeast Tech laptop.

Contact the Southeast Tech IT Support Center at 605.367.4461, or you can visit the IT Support Center in person on the second floor of the Technology Center, Room 219.

HOURS
Monday–Thursday  7:00AM–6:00PM
Friday  7:00AM–5:00PM
Transfer of Credits to Southeast Tech

Southeast Tech will accept credits from any post secondary institution accredited by one of the major regional accrediting associations, e.g., The Higher Learning Commission, North Central Association.

Acceptance of transfer credits is contingent upon the student having completed the course or courses with a grade of “C” or better, and that in the judgment of the registrar, the course credit and content is similar to that contained in the Southeast Tech course for which advanced standing by transfer is being requested. Granting of such credit is entirely at the discretion of the registrar and department faculty members.

Prospective applicants wishing advanced standing by transfer credit should request an evaluation of their official transcript(s) of courses taken at their previous school(s). This request should be made at the time of application for admission. Transferred credits are not used in determining GPA or credit loads for financial aid. The maximum number of credits granted for any course cannot exceed the Southeast Tech credit standard for a similar course.

Credit may be allowed toward an Associate in Applied Science Degree or Vocational Diploma.

In some cases, credit may be granted for military service school courses. Students must submit documents containing specific credit recommendations from their service school training at the time of admission.

You Deserve Some Credit

Credit by Examination

A person may be eligible to receive credit by examination for Southeast Tech courses. These examinations may be oral, written, or a combination of both. In addition to the exam, a skill demonstration may be required. Persons who wish to obtain credit through a formal Southeast Tech exam may obtain information from a Student Success Center advisor. These credits are not used in determining GPA or credit loads for financial aid.

College Level Examination Program

Credit will be granted for passing the College Level Examination Program (CLEP) exams, either the General Exams or the Subject Exams. Credits may be used for appropriate required courses or elective credits in either Associate in Applied Science Degree or Vocational Diploma programs. Grades are not recorded when an exam is passed, and do not count toward financial aid credit loads.

A person who wishes to obtain credit through CLEP exams should discuss the situation with a Southeast Tech Student Success Center Advisor.

Transfer of Credits Between Programs

Courses are transferable from one program to another with Associate Degree courses generally transferable to other Associate Degree programs or to Vocational Diploma programs, and Vocational Diploma courses transferable to other Vocational Diploma programs. Students considering such a credit transfer should consult a Student Success advisor to determine which credits will or will not transfer.
ADD/DROP COURSES
Occasionally, students wish to change classes or discontinue a course. The first five days of the Fall and Spring semesters mark the semester add period. Courses may be added after the first week of the semester only with the permission of the instructors.

Students may drop courses online through the first five days of the semester on STInet. After the first five days, students must complete a drop form and submit it to the Student Success Center. Through the second Friday of each semester, students may drop courses to adjust their schedule without incurring a cost of attendance.

Students who discontinue a course without following official procedures may receive a grade of “F.” No withdrawal will be permitted during the last four weeks of the semester (two weeks in summer).

For more detailed information, see the Registration section of the online catalog.

LATE START COURSES
Students who do not drop late start classes (traditional, hybrid, or online) during the drop period of any semester will be required to pay for these courses. Late start courses are any courses with a start date after the semester’s drop period.

ADVANCED PLACEMENT (AP) COURSES
Students who earn a grade of 3, 4 or 5 on an AP exam may be eligible for credit. Students must complete the AP exam in order to receive credit. Contact the Admissions Office for additional information.

TERMINATING ENROLLMENT
Students who wish to discontinue attending Southeast Tech must file a Termination Form with the Student Success Center and meet with a Student Success Advisor. Students are also advised to meet with personnel from the Business Office and Financial Aid prior to terminating enrollment. Refunds on tuition vary, based on the date the student submits a termination form. If a student leaves Southeast Tech, it’s important to file the Termination Form with the Student Success Center in order to receive the maximum refund allowed.

Southeast Tech requires that incoming students attending on-campus classes submit proof of two doses of the MMR (measles, mumps, rubella) vaccine before their first day of class. Southeast Tech recommends the Hepatitis B series and Meningitis immunization. Online students are not required to submit immunization records. Students entering Health programs are required to have additional immunization protection. Please see the Health and Human Services Handbook for additional information.
STUDENT ACTIVITIES

Campus life wouldn’t be complete without activities to share with others at school. For that reason, a variety of activities are held on campus for all students. Some activities in the past have included: Intramural volleyball, bowling and basketball, entertainment events, and informational seminars.

STUDENT GOVERNMENT (SGA)

Other student activities are put together by the Student Government Association. SGA was originally formed as a sounding board for student concerns, but along the way, they also show students how to have a little fun. SGA activities during the year include Fall and Spring picnics, blood drives, and community service events. Throughout the year, SGA members also participate in a wide range of campus and community activities. Representatives who serve on SGA are selected from every program area. About 70 students serve the campus through SGA.

STUDENT ORGANIZATIONS

Campus student organizations enhance the education offered in classes with competitions, guest speakers, tours, and other forms of learning more about career fields. While at Southeast Tech, plan to participate in one or more of these organizations for professional development opportunities.

- American Institute of Graphic Art (AIGA)
- Animation Technology Artisans (ATA)
- Association of Information Technology Professionals (AITP)
- Civil Engineering Student Organization
- Construction Management Student Organization
- Dakota Turf/Golf Course - Superintendent’s Association of America (GCSAA)
- ENDT Student Organization
- Professional Landcare Network (PLANET)
- SkillsUSA
- Society of Manufacturing Engineers (SME)
- Society of Nuclear Medicine (SNM)
- Southeast Tech Practical Nurse Association
- Student Chapter of Sioux Falls Home Builder’s Association (HBA)
- Student HVAC Association
**YOUNG, URBAN, EXCITING**

Sioux Falls is known for its urban flair and upbeat friendliness as well as consistently being chosen as one of America’s best places to live and work. It’s also a great place to go to school and meet new life-long friends. And because it has a vibrant economy it’s a great place to work during school and after! With a metro population of 228,261 Sioux Falls is South Dakota’s largest city.

**GET IN ON THE FUN!**

- Jam out at small and large concerts – the Denny Sanford Premier Center opened fall 2014
- Rated #1 Forbes best place for business and careers
- Enjoy a night out on the town at 540+ restaurants
- Exercise on 22 miles of paved bike trails
- Cheer on 4 semi-pro sports teams, including Canaries baseball, Skyforce basketball, Stampede hockey and Storm football
- Explore your cultural side with museums and art performances
- Shop til you drop at South Dakota’s largest mall

CAMPUS SAFETY TIPS

PROTECT YOURSELF AGAINST IDENTITY THEFT

Unfortunately ID theft is becoming an issue on college campuses across this country. Employers now routinely check credit reports, and an undetected identity theft during the college years can do great harm to your credit.

While nothing is fool-proof, you can reduce your chances of becoming a victim just by being aware and more careful. Here are some suggestions:

• Use US Postal mailbox for outgoing mail
• Opt out of pre-approved credit card offers, and limit your number of credit/debit cards
• Delete junk mail on a regular basis
• Find a safe place for valuables
• Keep financial papers private
• If SSN is on driver’s license, have it changed
• Get your credit report regularly. You can get a FREE credit report at annualcreditreport.com. This is the ONLY approved website where you can get credit reports from the three credit reporting companies: Equifax, Experian and TransUnion
• When you’re out, keep your purse or wallet close
• Safeguard your personal computer and be cautious with public computers
• Be smart about sharing personal info on the web
• Look for security when you buy online
• Protect your PIN
• Shred financial/credit papers when possible
• DO NOT list your physical mailing address or your phone number on social networking sites

If you think you have been a victim of identity theft, please contact Campus Security as soon as possible.

LAPTOP SECURITY TIPS

Do not leave your laptop unattended, even to go to the bathroom. If you must leave your laptop, ‘lock’ your system to avoid allowing access to strangers. Placing identifying stickers on your laptop and power cord is also a good idea. A stolen laptop is a criminal offense and must be reported to the IT Support Center immediately! The IT Support Center will provide serial numbers to the appropriate law enforcement agencies. You will be required to complete a theft report with the police department and will be responsible for the remaining payments on your lease agreement.

Southeast Tech highly recommends that you insure your laptop against damage, loss, or theft, which can usually be done through a rider on a homeowner’s or renter’s insurance policy.

ON-CAMPUS SECURITY

In an attempt to provide an excellent learning environment, Southeast Tech provides for on-campus security to maintain our excellent safety and security levels for our students, staff, and visitors. Three fully certified law enforcement officers are on duty, on campus. One of these officers is stationed in the student apartments during night hours and may be contacted at 605.941.9003. This officer works closely with the Housing Manager and Assistant Manager to provide a safe, peaceful living environment in which students can study and grow.

TIPS FOR SAFE APARTMENT LIVING

• Only admit your own visitors to the residence halls and make sure outside doors of residence halls shut securely behind you
• Do not loan your room key to anyone
• Always lock your doors at night
• Never open the door for someone you don’t know
• Always lock your car and place valuables out of view
• Have your keys in hand before you go to your car and check the backseat before entering your car

TIPS FOR PERSONAL SAFETY

• If possible, never walk alone at night
• Be alert to your surroundings and walk with confidence where sidewalks are well lit and well traveled
• Trust your gut. If you feel like someone is following you, go to a well populated place and call Security
• Program Campus Security’s phone number into your cell phone: 605.941.9003

Campus Security is more than happy to provide escort to anyone who requests it, whenever possible. Visit http://tinyurl.com/nqvqead to view Southeast Tech’s Annual Security and Fire Safety Report.
