Erik VanLaecken, Director of Information Technology, presented an overview of the history of the Southeast Tech Lap Requirements for students and how it has transitioned to current day requirements.

The Southeast Tech Laptop Program began in 1998 when the Computer Information Systems (CIS) programs began to require students entering their programs to purchase a laptop from Southeast Tech. This requirement expanded to other programs with half of all programs having a requirement in 2007. By 2011, all programs at Southeast Tech required a laptop before
entering their program. In 2012, Southeast Tech began a pilot with 3 programs on campus to test
tional PC’s to eventually allow specific programs to bring their own laptops and still securely
access Southeast Tech owned software and technology resources on their student owned
devices. Southeast Tech has currently transitioned all but 5 programs to Bring Your Own Laptop
(BYOL). (see MRF #ST15)

Following general discussion, a motion was made by Doug Morrison and seconded by Carly
Reiter, five (5) votes “yes” on roll call, acknowledging the Laptop Program Requirements
Report.

Action ST00020

Dakota Future Fund. Half of the funds will be distributed as full-ride scholarships over five years
among the technical institutes. The remaining half will be placed into an endowment for future
scholarships. (see MRF #ST16)

Following general discussion, a motion was made by Todd Thoelke and seconded by
Todd Carly, five (5) votes “yes” on roll call, acknowledging the Build Dakota Report.

Action ST00021

President Jeff Holcomb reviewed the Southeast’s recommended positions on 2015 pending
legislation that is currently before the South Dakota legislature and would impact the state
technical institutes if enacted into law. President Holcomb stated that Southeast Tech is working
closely with legislators to let them know Southeast Tech’s position on each of the bills. (see MRF
#ST17)

Following general discussion, a motion was made by Todd Thoelke and seconded by
Carly Reiter, five (5) votes “yes” on roll call, approving the positions on 2015 pending
legislation.
