Waiting for ISIR Corrections – This line item requires no action by the student. Once a student has submitted all documents necessary for verification, this line item is listed as “Not Received” to indicate that STI is waiting to receive the corrected version of your FAFSA from the Department of Education. Once all documents are submitted, the final corrected version of the FAFSA will *typically* be received by STI within 3-7 days. It can take longer, depending on the time of year.

Waiting for Student to Correct FAFSA – As a result of documentation provided to the Financial Aid Office you are required to make changes to your FAFSA at www.fafsa.gov. If you feel that you have already submitted the required changes, watch your email for confirmation of processing from the FAFSA website. Once the changes have been made and submitted it will typically take 2-5 business days for the changes to be received by Southeast Tech. Contact the Financial Aid Office if you have received confirmation of processing from the FAFSA website but this item is still listed as Not Received on your Documents tab.

You are on the Wait List for Admissions – To be eligible for federal student aid at Southeast Tech, a student must be officially accepted into a program. If notified that you have been accepted, be sure to contact the Financial Aid Office to inform us of the change.
