STI Closings and Cancellations

The decision to close Southeast Technical Institute because of inclement weather or other emergencies that threaten the health or safety of students and staff members will be made by the Superintendent or designee on the basis of conditions.

Should it become necessary to close STI, notification of such closings will be given according to pre-planned notification procedures that have been communicated in advance to employees and the public.

Employees will make up days missed for inclement weather or other emergencies in accordance with provisions in their respective negotiated agreements.
