Professional Research and Publishing

Copyright/work for Hire

Southeast Technical Institute shall own all copyright and other proprietary rights to all instructional materials, training materials, curriculum and lesson plans, and any other materials developed by an employee while working for or supervised by STI for use in performing the services required by the employee's position with STI.

Royalties

No employee may receive royalties on books, computer software, or other materials authored by the employee not covered by the above, which are purchased by STI during the person's tenure with STI.

Employees may not render any commercial service to STI on a commission basis.
