Instruction

Adult High School/GED Programs

General Educational Development Testing Center

The Sioux Falls School District/STI is authorized by the South Dakota Department of Labor to administer the test of General Educational Development (GED), a high school equivalency examination. The Sioux Falls School District delegates the administration to STI.

It shall be the responsibility of the STI President to enter into and execute an annual contract between the General Educational Development Testing Service of the American Council of Education for the operation of an official General Educational Development Testing Center. In accordance with procedures identified by the American Council of Education, a chief examiner to administer and safeguard the restricted test materials shall be appointed by the STI President and approved by the School Board.
