Policies and Regulations

Students

Student Donations and Gifts

Staff members may accept simple remembrances expressive of gratitude from students and their parents/guardians. However, employees may not accept any gift or favor that might impair or appear to influence professional decisions or actions.

Acts of generosity in unusual situations are not prohibited. In such situations, classrooms or student organizations may, with the authorization of Southeast Technical Institute administration, initiate fund drives and solicit contributions, in money or in kind or by selling fundraising products, from students, families, or STI employees. Solicitation beyond the STI campus must be approved by the President.
