

Southeast Technical College
Construction and Horticulture Summer Academies
Executive Summary

Purpose of Report: To inform the School Board of Southeast Technical College of two industry sponsored Summer Academies.

Southeast Technical College has created two summer academies to provide Dual Credit to local high school students. Southeast Technical College has been working with the Association of General Contractors and the Home Builders Association of the Sioux Empire to continue our summer Construction Career Academy. In addition, Southeast Technical College is working with regional green contractors to start a Horticulture Career Academy.

Administrative Recommendation to School Board: Acknowledge the report on the Summer Academies with the Sioux Falls School District 49-5 and dual credit enrollment opportunities provided to students within Southeast Tech's service area.

SUMMER 2021 HORTICULTURE CAREER ACADEMY CREDITS + CASH

High school students 16 and older can earn high school credit, college credit and up to \$5,000 learning horticulture and sports turf management skills on the job with local professionals.

WHAT YOU'LL LEARN

Through a blend of classroom instruction, laboratory experience and on-the-job training, you will learn:

- Plant Biology
- Plant Physiology
- Pests
- Soft Skills Essential to Job Success
- Career Awareness

FOUR COLLEGE CREDITS
