Facilities Planning and Development

Naming Facilities

Southeast Technical College seeks private funds to enhance STC's ability to meet the higher education needs of its community, particularly toward a level of excellence that would otherwise not be possible given the state funding levels and restraints on student tuition and fees. To that end, STC seeks to provide appropriate recognition to donors for their generosity. This policy establishes guidelines for the naming of facilities and property on the STC campus. The policy has been established to assure consistency, fairness, fitting recognition and good value in exchange for the honor or privilege of name association with facilities or property on the campus of STC. It serves as a guideline for the STC Council, President, the Directors of the STC Foundation and other staff, volunteers or outside advisors who assist in the solicitation of gifts.
